## Top Skills

AngularJS

Express.js

Code Review

## Certifications

mongoDB with nodejs

C test completion

Hacker Ramp

Campus solution challenge

full stack web development

# Roshal Dsouza

Ex- SDE Intern @ Toyota kirloskar motor | Ex-SWE Fellow @ Headstarter AI | Exploring Cutting-Edge AI Technologies & Innovations | Aspiring Software Developer  
Bengaluru, Karnataka, India

## Summary

I'm a Computer Science Engineering graduate from ACS College of Engineering, Bangalore (Class of 2025) with a strong passion for building impactful and user-friendly applications.

### Tech Stack & Skills:

JavaScript | React.js | HTML | CSS | MongoDB | MERN Stack | Django | Next.js | TypeScript | Python | Nodejs

I enjoy exploring modern web technologies, improving my problem-solving skills, and creating projects that combine clean design with efficient code. My learning mindset drives me to continuously upskill and stay updated with industry trends.

Always eager to take on challenges, contribute to meaningful projects, and grow as a developer.

---

## Experience

### Toyota Kirloskar Motor

SDE Intern

March 2025 - June 2025 (4 months)

Bangalore

Developed a secure role-based login page for a Customer Engagement Portal using the MEAN stack (MongoDB, Express.js, Angular, Node.js). Implemented user authentication, session handling, and dynamic routing based on roles (Admin/User) to ensure personalized access and enhanced security in a hybrid work setting

### Rooman Technologies Pvt Ltd

DevOps Engineer

October 2024 - January 2025 (4 months)

Bangalore

Developed and optimized a CI/CD pipeline using GitLab CI/CD for automated deployments. Containerized applications with Docker and configured deployment workflows. Improved pipeline efficiency, reducing build time and failures.

## Capgemini

### Student Intern

September 2024 - October 2024 (2 months)

Bengaluru, Karnataka, India

Completed a CRM certification program under Capgemini's Campus to Corporate Digital Academy in collaboration with ICT Academy. Gained hands-on understanding of customer relationship management concepts and tools.

## Headstarter

### SWE Fellow

July 2024 - October 2024 (4 months)

New York, United States

Building AI projects and mastering AI Technologies

## RICECITY

### Software developer intern

November 2023 - December 2023 (2 months)

Bangalore

Built responsive websites using reactjs.

## Compsoft technologies

### Frontend Developer

March 2023 - May 2023 (3 months)

Bangalore

Focused on frontend development, reactjs, built a Snooker Club website

## Immensphere

### Full Stack Developer

August 2022 - October 2022 (3 months)

Bangalore

Backend development using Node.js and managed database using mongodb

## Varcons Technologies

### Frontend Developer

March 2022 - May 2022 (3 months)

Bangalore

Built websites using nodejs and Javascript.

---

## Education

Visvesvaraya Technological University (VTU)

Bachelor of Engineering - BE, Computer Science · (December 2021 - December 2025)
